About the college:

“Education is not the filling of a pail, but rather the lighting of a fire”: W.B. Yeats

Nur Mohammad Smriti Mahavidyalaya, is the sole higher education centre of Samsheganj Block, in Dhuliyani, Murshidabad. There was a dire need of a college at Samsheganj, a highly populated area where students were deprived of higher education. Fortunately, the Nur family came forward to set up a college here, inspired by the vision of Late Nur Mohammad Biswas. It was established in 2008 by Khalilur Rahman, the eldest son of Nur family and handed over to the Govt. of West Bengal. From the year 2008-2009 classes were held in a small building donated by the Nur family at Ratanpur. In the year of 2010 the college building permanently shifted beside NH 34 near Duckbanlow over 6.5 bigha land of Nur family who donated the entire front building. Since then Border Development Scheme and NTPC have donated two buildings. In 2019 a four storied building was handed over to the college by the Minority Development Programme, Govt of West Bengal. Now the college is moving from its infancy to childhood and facilities including adequate housing, library etc are being provided. The college is located 82 km from Berhampore and 17 km from Farakka, the nearest train station is Dhuliyani Ganga. At present about 2500 students are studying and adequate subjects are taught with Honours. Our several students have achieved remarkable results in University of Kalyani. Our students regularly participate in sports, NSS etc extracurricular activities and very soon NCC will be started. In future many subjects likely Geography, Physical Education etc will be introduced.

From the Principal's Desk:

“Education is the most powerful weapon which you can use to change the world”
Nelson Mandela

Our beloved, Nur Mohammad Smriti Mahavidyalaya since 2008 was established for reaching the goal of instilling high value, noble idea, rich culture, justice and eradicate prejudice among students and us. We strongly believe that quality higher education is the key to progress and success among students as well as society. The main aim of the establishment of college is to spread collegiate education among the girls, economically challenged and minority community students and we are happy to announce that girl's students have now proved to be majority. We are always engaged to provide knowledge and promote all round development of the students, trying to promote awareness about social, cultural, duties and rights, patriotism and brotherhood. Our eminent faculties, Non Teaching Staff and Governing Body are devoted to nurture and endorse this noble approach. The college continues to sustain and develop an order of individuals, enriched with true education, who will be global in outlook, national in ethos and the same time reverent to local duties and commitments. I believe that 'we feeling' attitude of all and Nur Mohammad smriti Mahavidyalaya is our family helping us to reach our destiny of academic excellence.

Come, be a part of our beloved NMSM family and make your life memorable.
